When Fritz and I (and Abigail!) moved to Vinalhaven in 2012, we thought we were just moving to a beautiful place to quietly live out the rest of our days. Little did we know we would be drawn into a community that opened its heart to us, one that has loved, supported, and sustained us beyond anything we would have imagined or expected, both generally over the years and especially during these months of Fritz's stroke and crossing the threshold. I know I speak for Fritz as well when I say thank you from the bottom of my heart to the Universe for guiding us to this magical place and to all of you who have gotten us through this time in so many loving, thoughtful, and caring ways, too many to name, but you know who you are. My love to you all.

— Penelope

If we must enlarge your ad for space reasons, will charge you for the smaller ad size you requested. If your ad is printed on a smaller scale (not likely to happen), you will be charged for the smaller size. Thanks for your continued support.

Reading Online Wind on a Kindle

Norbert Leser shared his steps for converting the online Wind into a more easily readable version on a Kindle.

1. Download the wind to your computer/device
2. Create an email message addressed to your Kindle account
3. Subject of the email is the word "Convert"
4. Attach the wind PDF to the email body (no other text)
5. Send email
6. After a short while open your Kindle app and synchronize - the Wind should appear in your library!

To find the Kindle email account mentioned above, you need to open the Kindle app and go to 'App Settings' in your menu at Kindle's home page. It lists 'Send to Kindle Email Address' – copy/paste that address and you're all set.

Portrait of a Graduate is a School and Community process undertaken by the School and Vinalhaven residents supported by the Island Institute and Rural Aspirations to define the skills and knowledge that we want our students to have to be successful in life, college, work, and as future citizens of our local and global community.

The first part of the process involves gathering information (doing research, conducting focus groups and interviews, and administering **THIS Community-wide Survey**). The second part involves creating an action plan that will enable our School and Community to take what we've learned and apply it to learning in the classroom and the wider world.

Swedish Orange Rye Bread

*Adapted from High Altitude Baking
by the Summit County (CO) Friends of the Library*

This recipe comes from a cookbook my husband Dan got when he was working as a ski patrolman/repair plumber in Breckenridge Colorado. The recipes are all adapted for the altitude, about 10,000 feet. Adapting this recipe to a damp sea level environment took me many tries. Many of my attempts produced good hockey pucks.

I finally succeeded and can offer some advice. The rye flour and the yeast must be fresh. Also be patient. Rye bread is slow to rise at high altitude and a sea level it is ridiculous. But the result is worth it. This is incredible bread.

2 T or 2 packages of yeast
½ c warm water, 105°-115°
Zest and juice of one orange
¼ c brown sugar
¼ c molasses
1 T salt
2 T shortening
Boiling water to equal 1¼ c when added to orange juice.
2½ c rye flour
3½ - 4 c white bread flour

1. Mix the yeast in the warm water and set aside to prove. Cut the zest off the orange using a zester or micro plane. Squeeze the juice and put in a measuring cup. Mix the brown sugar, molasses, salt and shortening. Add enough boiling water to the orange juice to make 1¼ cups. Add to the brown sugar mixture and stir until the sugar is dissolved and the molasses is thinned.
2. Add the rye flour to the liquid and beat until smooth. Let the mixture cool until it is less than 115°, then add the yeast mixture and the zest and stir. Add 3½ c white flour. Put ½ c flour on the counter and knead the dough for 10 minutes
3. Put the dough in a greased bowl and let it rise in a warm place (90°) until it is double in volume. Be patient this can take as much as 4 hours.
4. When the dough has doubled, put it on your counter and punch it down. Grease two loaf pans. Divide the dough into two equal portions. Knead each a little and form it into a log the length of the pan. Put the "logs" into the pans, with any seam down, and set aside in a warm place of 2 hours. They will not double in that time, but do not worry, they will rise lot more when baked.
5. Preheat the oven to 350°. And bake for 45-50 minutes. They should sound moist and a bit hollow when they are done.

You can prevent cervical cancer by getting a routine screening test called a PAP. A PAP test can detect abnormal cells BEFORE they turn into cancer and can also find cervical cancer EARLY when it is easy to treat. The test is not painful, takes 2 to 5 minutes and can be done here at your Medical Center. Call 863-4341 to schedule. (Try to schedule the test on a day when you do not expect to be on your menstrual period. If your period begins unexpectedly and will be continuing on the day of your test, try to reschedule the appointment).

The CDC recommends **women between 21-29 years of age get a PAP test every 3 years. Women aged 30-65 should get both a PAP and HPV test every 5 years.**

Had a hysterectomy? If you still have a cervix, you may still need to be screened. Talk to your provider for more information.

Already HPV vaccinated? Even if you've already got the vaccine, it doesn't protect against all types of HPV so it is recommended that women continue having PAP tests and even HPV tests in some cases.

Worried about the cost? The Affordable Care Act covers this screening, check with your insurance provider. If you are uninsured or insurance won't cover PAPs and are a Mainer over 40, the Maine CDC Breast and Cervical Health Program (MBCHP) will help cover costs of an annual PAP/HPV testing (as well as Mammogram screenings). Call 800-350-5180 to apply. ICMS also has a sliding fee scale for patients without insurance or with high deductibles.

Phyllis, daughter of Mr. and Mrs. J. Herbert Shields, celebrated her third birthday anniversary by entertaining a number of her friends, among whom

were Charlotte Beggs, Louise Hardison, Doris Fifield, Muriel and Evelyn Chilles, Annie Donahue and Victor Hatch. The birthday cake was decorated with candies and three candles. Cake and ices were served. Games and playthings made the hours from 6 to 8 pass quickly. The charming young hostess attired in white embroidered muslin made a pretty picture and surrounded by the happy young people, it was easy to guess the first party was a delightful success. Little Miss Phyllis received a number of pretty and useful presents.

Courier-Gazette January 25, 1910

Walter and Roscoe Smith and Fred Coombs, the past week were assisting to cut the schooner Henry Nickerson from the ice, when they accidentally turned the dory they were in bottom up and spilled the trio into the water. Walter was fortunate enough to scramble upon the ice while the other two were struggling in the water. Coombs was sometime under the dory before he made his escape from his dangerous predicament. When he did, he and Roscoe Smith grasped a plank that Walter found on the ice and pushed to them, and by its means were rescued from their salt water bath. Salt water is not so agreeable in winter as salt air in summer.

The Sport of Napping

Being able to reside on a Maine Island, in the dead of winter, having 7 hours of diluted sunlight and mind altering cold every day has made Vinalhaven the Napping Capital of the World. With that said I have been left witnessing three distinct styles.

The "Bobble head"

When in the sitting position, this style of napping has the head falling forward and slapping the chest, then bouncing back to its normal up-right position. This style is for the napper that doesn't want to nap and fights it. Akin to having your head attached to a bungee cord.

The "Tilter"

Like Big Ben you start at high noon. You then start to lean ever so slowly towards three or nine o'clock (your preference). This style gets bonus points for the face horror the napper exhibits when the process awakens. Repeat!!

The "Sword Swallower"

This nap is rated a difficulty of ten on "that's gotta hurt scale." This nap begins when the head falls back on the shoulder blades. This leaves your body and mouth at a straight 180 degrees line. The head goes so far back it's hard to look at. This napper has a tendency to snore loudly and awake with cotton mouth.

For me, I prefer a pillow on the couch.

Round Up for the Grange

The Grange is a family and community organization with its roots in agriculture established in Vinalhaven in 1908.

The Grange provides agriculturally related programs, community events and dances for the pleasure of the community.

The Grange needs funds to repair the building, for heat, landscaping, and potable water.

Please contribute to our efforts and join us!

Round Up for the Grange will begin Monday, November 2 at Carver's Harbor Market.

Special thanks to Carver's Harbor Market and to all who round up to benefit the Grange!

Pleasant River Grange #492

We would like to thank those who are rounding up for the Grange at Carver's Harbor Market. It will go towards many necessary maintenance and improvement projects. We sincerely appreciate the help you have given so far, and we hope some of you may be able to give a little more.

We are in the process of upgrading the heating system, getting water from the hand dug well into the building, and are also dealing with large outdoor projects. Unfortunately, our coffers are in no way able to deal with even one of these projects. We are, therefore, asking our friends for additional help. If you could, please send your donation (any amount will be greatly appreciated) to:

OBBC WELCOMES NEW PASTOR

Open Bible Baptist Church (OBBC) is happy to announce that Pastor Jeffrey 'Jeff' Winters will begin full-time ministry at the church on February 7, 2021.

OBBC conducted a lengthy and thorough pastoral search over the last year and a half, culminating in the Lord leading Pastor Jeff to submit his resume for consideration. After review, numerous interviews, and thoughtful prayer, he was recommended to the church congregation and was unanimously accepted for the lead pastoral position. He is excited to enter the pastoral position here on Vinalhaven.

His focus is to lead the congregation in their growth in Bible knowledge and applying that knowledge in their daily living and interactions with the greater community.

Pastor Jeff comes to us from Mill Creek Baptist Church in Unionville, NC, where he was the Associate Pastor of Youth and Families. Among his various roles, he led youth Bible studies and the College and Career Life group; strategized and organized community outreach events and children ministry programs; and provided Christian counseling services.

Pastor Jeff received his B.S. in Christian Leadership and Management from Liberty University in 2014. He furthered his Christian education at Liberty University Baptist Theological Seminary, obtaining a M.A. in Christian Ministry in Pastoral Counseling in 2018 and his Master's in Divinity in 2020.

Pastor Jeff will be joined by his wife Sabryna and sons Brody (8) and Colton (6).

Please welcome them to their new home on Vinalhaven.
