Dear Dog and Cat Owners,

In accordance with the laws published by the State of Maine: Animal Welfare Laws and Regulations: Title 7, §3921 - A dog may not be kept within the limits of the State, unless the dog has been licensed by its owner or keeper in accordance with the laws of this State.

In accordance with Title 7, § 3916 1-A, - A person owning or keeping a dog shall, within 30 days after the dog attains the age of 6 months, cause the dog to be vaccinated against rabies and shall have booster vaccinations administered periodically in accordance with rules adopted by the Commissioner of Health and Human Services under section 3922, subsection 3.

If you own a cat, a license is NOT required by the State of Maine at this time, but a Rabies Vaccination is absolutely required under Title 7, § 3916.

Recently I received a list of unlicensed dogs. I will be mailing notices to owner's in case they forgot. So, with that in mind, I am putting forth this notice for all dog and cat owners.

Thank you to the owners that have licensed their dogs. To all other owners of dogs, even if you have for some unknown reason, not ever licensed your dog, I am provided with information in regard to all dogs that have been rabies vaccinated after 6 months old. Because you have never licensed your dog does NOT exempt you.

As of September 15th, 2020, no verbal warning will be given, and no written warnings will be given! I will have given enough time and notice for you as the responsible owner to comply with these State of Maine mandated Laws or Regulations. So what I am saying is please DO NOT put me in a position that requires me under the guidelines and laws that I am directed to enforce, to issue a summons to any owner who is not compliant to these laws or regulations, as I will!

In addition, all dogs brought to the island by summer residents or visitors who are on the island for a period that exceeds 10 days MUST license their dog at the Vinalhaven Town Office, even if they are licensed elsewhere.

§3950-A. Official refusal or neglect of duty

1. Violation. A mayor, municipal officer, clerk, town or city manager, administrative assistant to the mayor, town or city councilor, dog recorder of unorganized territories, constable, police officer, sheriff or animal control officer commits a civil violation if that person refuses or intentionally fails to perform the duties imposed by:

A. This chapter; B. Chapter 719; C. Chapter 720; D. Chapter 721; E. Chapter 725; F. Chapter 727.

2. Penalty. A person who violates subsection 1 commits a civil violation for which a fine of not less than \$50 and not more than \$500 and costs may be adjudged.

3. Investigation. The commissioner, at the commissioner's own instance or upon written complaint made to the commissioner by another person, shall investigate an alleged refusal or neglect of duty by a municipal officer.

4. Prosecution. The commissioner shall direct proceedings, actions, and prosecutions to be instituted to enforce all laws relating to animals and to the liability of municipal officers and their agents for failure, neglect, or refusal to comply with the laws relating to animals.

Camp Robin Hood

*Oh, what a beautiful morning,
Oh, what a beautiful day, I got a
wonderful feeling ...everything's
going my way!
(Cousin Stu's song)*

The chilled morning sea air stirs me as my eyes open, anxiously we rise in anticipation of today's adventures. The sound of a few parental units already awake drinking coffee and making plans for the day rushed our dressing. The squeaking of the floorboards in the next bedroom told me more kin were arising. This summer there were 20 whippersnapper cousins on "The Island" for the next two weeks. The daily givens were, we would have breakfast, one of the parents would lecture us on something and a list of chores would be scheduled. Now the day begins with the cleaning of your room and having it inspected, before bolting out the door. We knew we were slaves to family needs until the noon whistle blew in town. At that time, you were free of your shackles to do as you pleased. That would include playing volleyball... against the town, playing softball ... against the town.... having whiffle ball tournaments.... against the town. Hungry for the competition our Vinalhaven friends were hunkering for their yearly challenges. This summer however a new task was added to our assignments. With Pam, James and Susie at the helm, a family talent show was to be included. Creative painting, writing, singing, and dancing would be planned but any art form was "wicked good." So, "Camp Robin Hood was born," with awards and applause and self-confidence, we all grew that Summer...

- ✓ 1/4 to 1/2 onion, cut into a few pieces
- ✓ 1 or 2 garlic cloves
- ✓ Fresh or dried oregano
- ✓ 1 or 2 slices dry French or Italian style white bread, torn or cut into a few pieces
- ✓ Oil
- ✓ Vinegar
- ✓ Salt
- ✓ Pepper

1) Put cut-up cucumbers, tomatoes, bell pepper, onion, garlic, oregano and bread in a large bowl. Add a small amount of vinegar and a slightly larger amount of oil and salt and pepper. Mix thoroughly and cover bowl with a dish towel. Allow to rest for 1 hour or more.

2) Process and put in a serving bowl. Served chilled. Adjust seasonings and oil and vinegar to taste.

3) Serve with at least three the following toppings, offered separately from one another, on the side. All of them should be chopped very fine.

4) Onions, scallions, anchovies or green olives or black olives—all chopped fine—or hard boiled egg, chopped fine (or to be more fancy, only the yellow of the eggs, chopped fine).

How wonderful it is that nobody need wait a single moment before starting to improve the world.

Vinalhaven Historical Society

The Museum has a small collection of Indian artifacts, but we're wondering what others have in their collection.

If you have found arrow heads or other artifacts, we would love to have a picture of your finds for possible identification and dating by the State Archeologist.

Or if you have a story about finding, or a relative finding interesting items, we'd love to hear that too!

Images or questions can be sent to vhhsoc@myfairpoint.net or stop by the Museum!

Submit to the Wind!

We are looking for stories, **anecdotes, recipes, images, Shout Outs**, etc. to include in the WIND. If you have something to share we would love to include it in future WINDs. Please send to: vinalhavenwind@gmail.com

NEEDS YOUR HELP

During this critical time, VES is grateful to have a dedicated staff of caregivers who are going above and beyond and making personal sacrifices to ensure that the residents of the Calderwood Homestead remain healthy and safe during these scary times. We need each one of them to ensure adequate staffing at the Homestead.

However, there is currently one staff member who needs temporary housing on the island to continue working at the Homestead.

If you or anyone you know might have housing available for a few months over the summer, please let Linda Lynch know at **863-9343**.
Thanks for your help.

Obituary

Howard Ben Tré passed away on June 20th. He was surrounded by his loving family, Benjamin, Gay and Wendy.

Howard spent his summers in Vinalhaven beginning in 1989, he loved the island for the character of the people and the beauty of the landscape. Howard loved to work in his studio and travel the world, but it was always Vinalhaven that called to him once spring arrived.

We look forward to celebrating his life when gathering together is once again possible. A memorial on Howard's life and art can be viewed online at <https://craftcouncil.org/post/remembering-howard-ben-tre>.

The best and most beautiful things in the world cannot be seen nor even touched, but just felt in the heart.

Rental Needed

My name is Peter Bussian. I am coming to Vinalhaven for a few months to work as a sternman. I am looking for a rental on Vinalhaven from the last week of August to the second week of December. Roommates are ok. I'm 26, very clean, and timely with rental payments. I can be reached at 970-946-2944 or peterhenrybussian@gmail.com.

THE OBSERVER

Last week there appeared on Facebook one of the best, one of the funniest videos I've seen in a long time. It depicted a real live seagull being chastised by an equally live lobsterman—nearly its equal—for having defecated on him one too many times and the fisher-man admonishing the wildly resistant creature, before graciously releasing it back into the wild, not to do it again. The gull clearly did not take kindly to being castigated by this lowly (he can't even fly) and demonstrably imprudent creature and consequently Greg almost lost an eye or lip in the process but it was worth it and might have been even if he had. pc

Notice from Maine Water Company

Vinalhaven Water District is committed to providing high quality drinking water and remains dedicated to continually looking for ways to enhance your service. We are notifying customers of a change to the chemical treatment that is currently used in the Water District's potable water system. Providing safe drinking water is a priority for Vinalhaven Water District. We are investing in new corrosion control treatment for the Vinalhaven system using a zinc orthophosphate chemical which will help to improve water quality by controlling corrosion from certain metals and hardness that may be present in water. The State of Maine Center for Disease Control, Drinking Water Program has reviewed and approved this chemical change. The new chemical addition is planned to begin on or before August 31, 2020. The Vinalhaven water system has a long history of successfully meeting the U.S. Environmental Protection Agency requirements, but we are aware of concerns for corrosion of internal plumbing and rusty water in the distribution piping. We believe improving our corrosion control treatment will ensure compliance with future regulations and improve the quality of water that our customers receive. Customers should not notice any immediate changes in the water service as the benefits of this change will appear over time. This notice is to inform users of the change in chemistry in the event your use of the water is sensitive to chemistry changes. If you have any questions or would like more information, please call Maine Water Company customer service at 1.800.287.1643.

Reading Online Wind on a Kindle

Norbert Leser shared his steps for
converting the online Wind into a more
easily readable version on a Kindle.

1. Download the wind to your computer/
device
2. Create an email message addressed to
your Kindle account
3. Subject of the email is the word
"Convert"
4. Attach the wind PDF to the email body
(no other text)
5. Send email
6. After a short while open your Kindle
app and synchronize - the Wind
should appear in your library!

To find the Kindle email account mentioned
above, you need to open the Kindle app and
go to 'App Settings' in your menu at Kindle's
home page. It lists 'Send to Kindle Email
Address' - copy/paste that address and
you're all set.

Frequently Asked Questions

Q: Are you open?

A: YES! We are open for dine-in, take-out and touchless curbside togo

Q: How do I eat & drink with a mask on?

A: You only need to wear your mask when you are standing. This includes coming in, using the restroom and leaving. When seated you can remove your mask.

Q: How many people can I have dinner and drinks with?

A: Per state requirements, up to 8 people can be seated at one table.

Q: Can I take my drink to go?

A: Yes and no. You **cannot** take the drink you are enjoying at the bar, but you **can** order drinks to go with your take-out food. We will package any drink for you, try our frozen booze slushies...they are amazing!

Q: Last summer it was so hot in the bar, is it still hot?

A: No! We now have AC, come in and cool off...enjoy a cold drink too!
