Addendum
Questions/Comments from RFP release

Dear Prospective Bidders,

Please find the additional Q&A as an addendum to the RFP currently posted for Broadband Feasibility on Vinalhaven.

Q: Should (Company) be the awardee for the Feasibility Study and Business Plan can we also do the Design Build and O&M?

A: Your company's response to the Feasibility Study and Business Plan will not prohibit you from being considered to do the Design Build and/or O&M.

Q: How many miles of road do you have? Are you broadbanding the 50 private miles too?

A: There are nearly 40 miles of public roads and an additional 50 miles of private roads. For the purposes of the study, we will assume the same level of service to all addresses.

Q: Do you wish to have pricing included or will pricing be negotiated as part of your selection process?

A: We would prefer to see the price quote to perform the study in the response.

Q: In Section 3.2, there is a suggestion of including outer islands. Can you provide a list of the outer islands that will be considered for inclusion?

A: The outer islands that have housing on them include Green's Island, Hurricane Island, Leadbetter, Fiddlehead Island, and Sheep Island.

Just a reminder that responses are due by December 9th.

Sincerely,

A handwritten signature in black ink, appearing to read 'Andrew Dorr', is written over a horizontal line.

Andrew Dorr
